THE NEW ROTHSCHILD FILE

EDNA MORZ SZYMANSKI

WHEN I THINK OVER the last three years I am filled with Two sentiments: Horrour, and an abstract dread. Since Friendsley's disappearance and final correspondence, I have collected and compiled notes of interest to an educated third party.

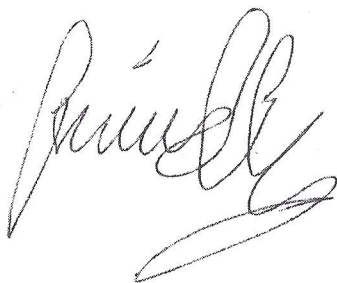

I have kept these documents private, only consider if their release since the death of Joan Grrahart, alias alphasnake: an ASSASSIN. although I have still ~~taken~~ precautions for my personal safety, I believe that the retirement of my mayor felchinhouse guarantees me a certain zone of untouchability. leave me alone, I say! ha ha, . these documents undoubtedly prove the many sins and ruthless debaucheries of the most terrible, abominable regime New Rothschild has ever seen.

buckle your seatbelts, and secure your belts -- the contained information is hardly palatable.

alive and well,

in accordance with my contacts i

extenuating circumstances compel me
to compile some record of my personal
activities. on this day one month
ago i observed the mayor (felch-

select relics from the museum.
thereafter it was staged to be
vandalism, or a lookalike. at 8:00
that evening (the heist observed at
post 3) i began to receive threats
in my mind and on the radio.

Some citizens of New Rothschild,
this fair prairie founded by
raging buccaneers, a testament
to the powers of silt, mustache,
~~steel~~ and weather trade, will
be distraught to learn of some
insidious activities on the part
of the mayor's office. yes, our
own felchinghouse ordained and evn
observed the brutal murders of
doctore friendsley, off. charles
wendsfield, and rabius hoss, alias
harium hos. but what many citizes
may not know is that the murders,
passed off as hooliganry, shared
the same trademark wound, the wound
favorited by the mayor's adviser,
~~BadslayxBrillham~~, alias ~~alphaxxxx~~.
i can supply more information in
an interview. please contact soon
as i do not know ~~alphaxxxx~~'s
whereabouts and fear for my life.
